

Directions:

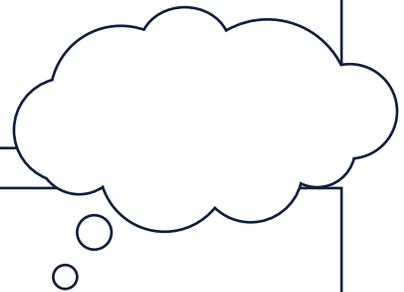

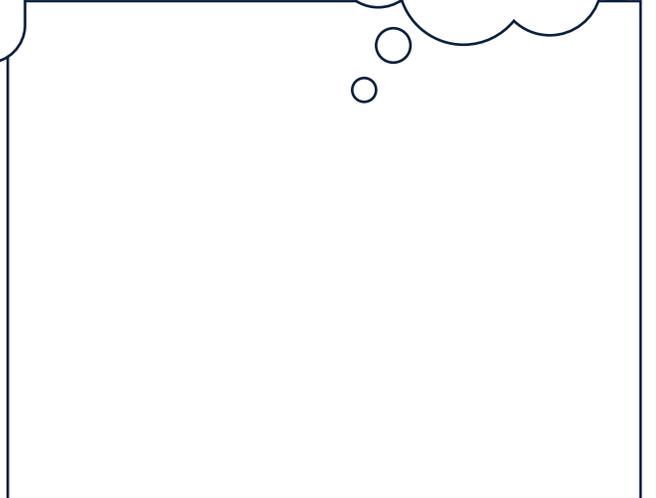

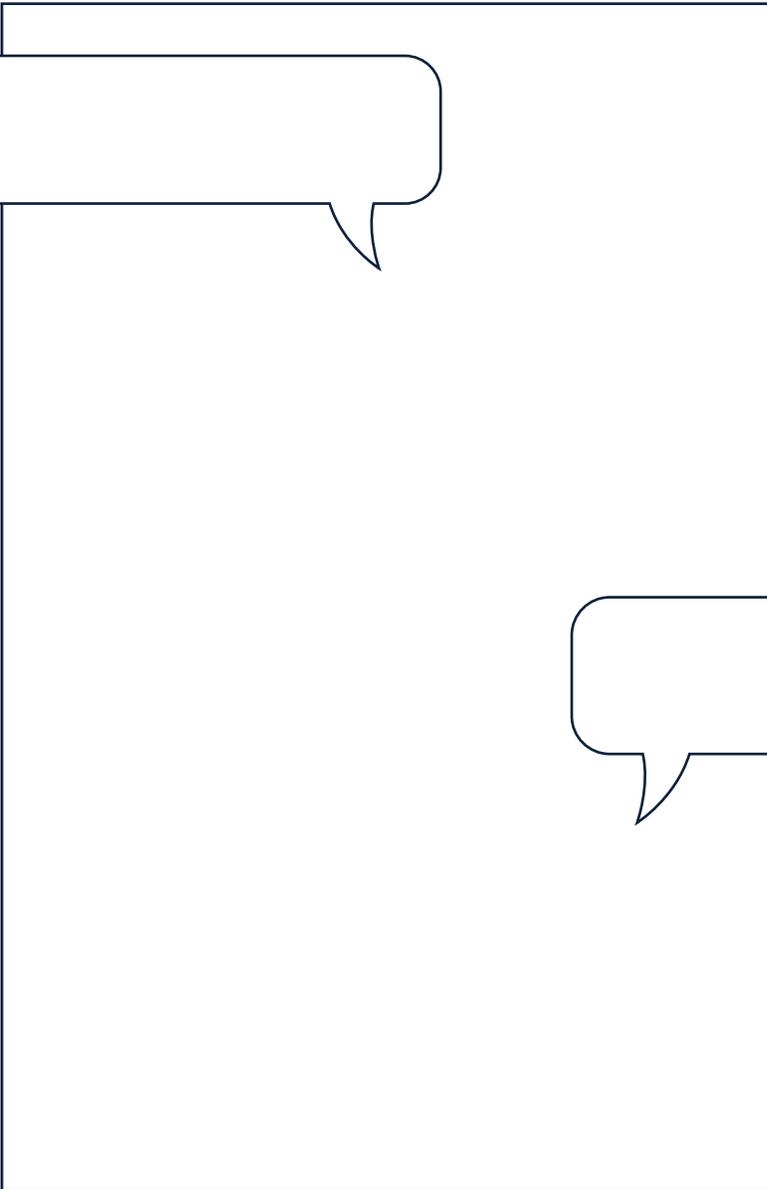

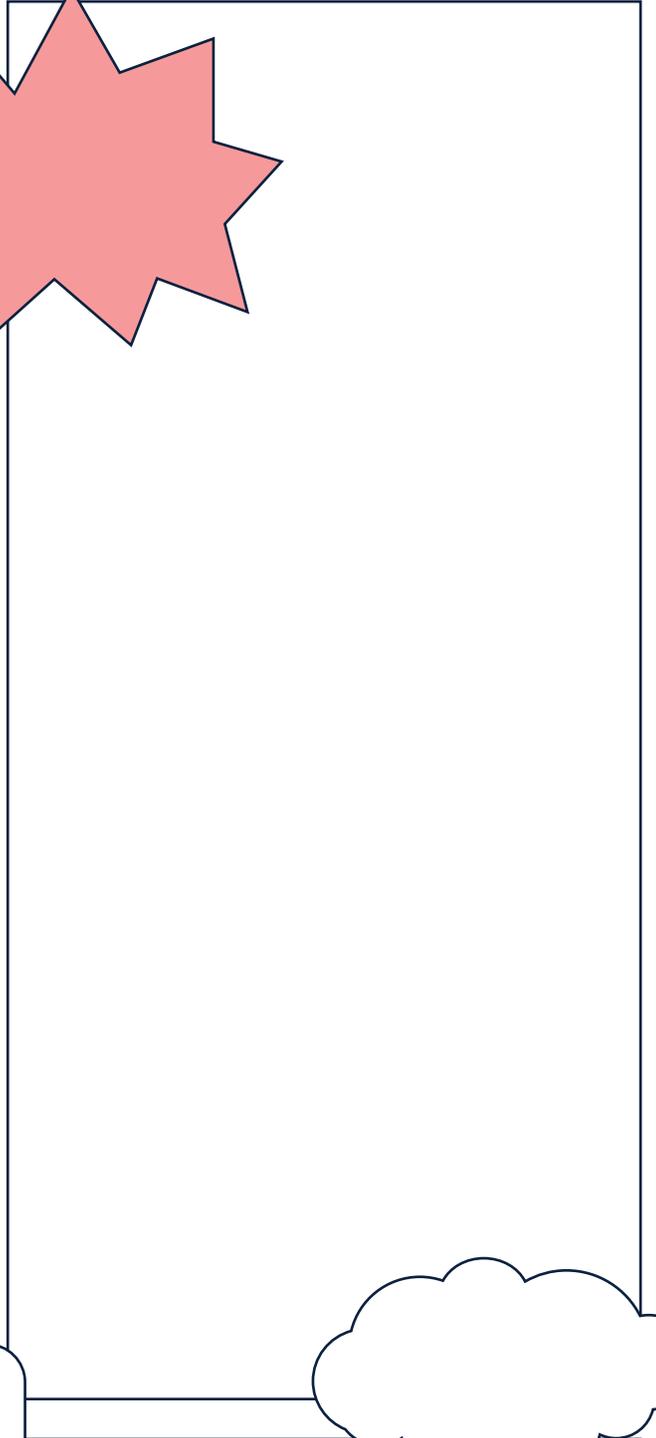

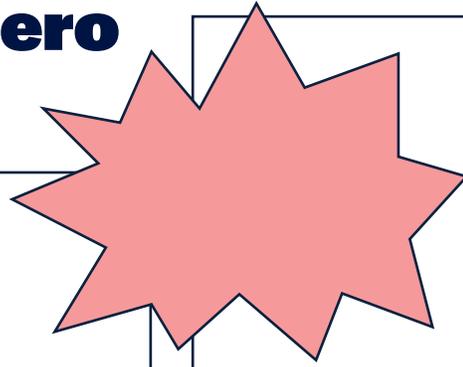

1. Determine which Climate Action Hero you are by taking the online quiz at www.climate-heroes.org!
2. Choose a climate villain to fight: greenhouse gases, food waste, habitat loss, or microplastics.
3. Gather drawing materials like colored pencils, crayons, and markers.
4. Name your comic. Try using this formula: “ Hero Name vs. Climate Villain .”
5. Start drawing! First, introduce your hero. Then, introduce your villain. Next, draw the conflict, where your hero meets the villain. Finally, draw the solution! Use your imagination!
6. As you're creating your comic strip, think about the following questions: What actions are people taking to fight climate change already? What do you want to inspire people to do about climate change?
